Are you in need of wedding party decorations? Listed below are several ideas you might want to use.

Ideas for outdoor receptions: Use luminaries to create a romantic atmosphere once it begins to get dark. If there are trees or bushes at your reception location, string white lights throughout the branches.

Ideas for the tables: Attach a small swag of flowers to the back of each of the chairs to add to your wedding party decorations. Why not have an edible centerpiece using fruit or candy? Or, you could purchase large bowls made of clear plastic or glass. Place one bowl at each table and surround it with flowers. Fill each bowl with water and put in three to five floating candles. Scattered rose petals or confetti on all the tables is a pretty touch as well.

Ideas to create atmosphere: Rent a champagne or chocolate fountain to add pizzazz to your wedding party decorations. Have a balloon drop right after your cake cutting or right before your departure from the reception.
